

# RECORDING STUDIO WORKSHOP

AUGUST 7-11, 2017  
12:00-4:00PM

*This one-week program is open to students age 13 to 21 who would like to learn fundamental audio production techniques in a professional recording studio setting. Participants will work in Garage Band and Logic, so that much of what is learned can be easily applied in a home studio. Recording, editing, mixing, effects processing, and post-production will all be explored. Participants will work together to produce a finished demo.*
